Support in other Centres

Ask for contact
details of support
person in centre
you will attend

Contact me here
in the CETB for
assistance

Supports Available

Maths

Literacy

Study Skills

IT

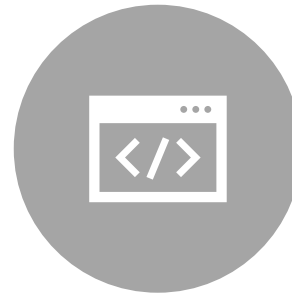

Technical
Drawing

Support Classes during Phase 2

Are available at scheduled days/times after trade classes

Some can be accessed online through the e-learning portal

Classes are voluntary

One to one support or small group sessions are available

Maths is everywhere

- Please watch the following short video to see where maths is used across the Trades
- <https://youtu.be/yoCzp6JxMZg>

Learning Difficulties

Do you have a **diagnosis** of a learning difficulty?

Are you worried you may have a **learning difficulty** but have not been diagnosed?

Dyslexia testing is available to check if you are at risk of dyslexia- please let your instructor, support worker or Training advisor know if you may require this test.

Accommodations such as extra time and/or access to a reader/ scribe may be available to you if you qualify.

Maths and Literacy

Early in Phase 2 you will do

- Trade specific maths assessment
- Reading comprehension

Assessments

Results of these assessments will indicate if you should avail of the free support classes.

Study Skills Class Phase 2

Set Goals

Identify your
dominant learning
style

Give tips on how to
read and study your
notes effectively

Time Management

Exam Preparation

Using different apps
to help you study

Apprentice Support

Looking forward to working with some of you in the future.
